“ I just found out about Uncle Richard. My neighbor in Rangeley told me. I wanted to call but do not have working numbers for you. I know what it is like to lose a dad and wish I could be of some support. But know that you are all in my thoughts and prayers.

“ I just found out about Joe. He was the IBEW Local 1323 President and I was the Vice President for several years. He was a good guy and his heart was always in the right place. He truly believed in the good of the union and the good of the membership.

“ Angelique, Nikki and Holly-I am sorry that I was not there to join you and your families to say goodbye to your Dad. Please accept my condolences. I pray that you will find peace.

It is my hope that you all (Aunt Margie, too) have a bushel and a peck of fond memories to tote with you always. Some to take out and polish periodically. One of the earliest keepsakes given to me in childhood was from your Dad. I vividly recall the colorful embroidered jackets he brought his nephews and nieces back from Vietnam. They were much too large for us at the time, but they were stored in the cedar chest and occasionally admired until I brought mine out in the mid 70s and wore it for several seasons because it was so unique--I suppose that was the most exotic garment I had ever received! I will ask Mom if she still has them, by chance. Only years later did I learn what it had meant that my Uncle Joe served there.
