“ I learned of Justine's passing today. She was a lovely and gracious person. I worked with her in the China department of Miller's. We had a lot of fun working together. I have many fond memories of Justine and I am proud to have known her. She made a difference in my life. Although we only kept up with each other about once a year, I always enjoyed her company and thought of her as a friend. She will be missed.

“ I was so sorry to read of Mrs. Reagan's passing. She was always such a kind lady and she was a good friend of the family and wonderful neighbor. I always thought of her as a real dynamo, always gardening and helping people.

My daughter Caitlin will be working in Nashville all week, so she will unfortunately be unable to attend on Wednesday..

It was surely a glorious reunion with her son and husband...

Please accept our deepest condolences,

Lisa Carson-Black and family

“ My memories of Aunt Justine will always be of a gentle, classy woman with a good sense of humor. As kids, we loved visiting her and the family. When our families got together, Uncle Peter did not call it "the riot" for nothing. No matter what happened, she always seemed calm.

Years later, when Bob and I started visiting them in Oak Ridge, it was wonderful to reconnect with her, Uncle John, and Michael, who was living near by. Her gardens, as well as her home, were kept beautifully. She gave me many perennials which I still have in my "Auntie's Garden." When Bob died, I told her she was my role model. She handled the death of her husband with such grace and was able to give me good advice in those early months of my grieving. It was lovely to call her and hear that Southern drawl and friendly laughter. I miss her already

“ Aunt Justine was a wonderful aunt, mother and friend. I have so many memories from the little house in Norris and then Oak Ridge. Her gardens were always beautiful... And still are. I remember the summer I was 8, Cindy and I got to go the Tennessee with the family... And they left Eileen and Leleah with my family. We had such a great time. We had adventures in the woods by the house, took a long walk to the library, and over the weekend we had a day trip to Gatlinberg. While in a souvenir shop, I hit my nail less finger and cried out because it really hurt. Aunt Justine came right over and I showed her my finger. I was scared. I had lost the nail at home before we left Pennsylvania. I didn't say anything because I thought they wouldn't let me go on the trip, but I was really worried it wouldn't ever grow back. I had never heard of anyone losing a nail before. She got me a bandaid and explained that it would be growing back. A great comfort to me because that wasn't the first time I had hit it! She was a great nurturer.

Another fond memory was when my boys were 3 yrs and 1 yr old. We stopped by after spenders a couple days out in the Nashville area. Ronnie was an early riser and Aunt Justine had told him to come out and see if she was awake in the morning. So Ronnie got himself up and found Aunt Justine in the kitchen. She set him up with some cereal and was having her morning coffee. She told me he kept looking at her and seemed curious about something. So she asked him why he was looking at her that way. He replied "my mommy doesn't decorate her hair like that!" She had rollers in her hair! She laughed so hard. She was sure he would grow up to be a politician. She was always so welcoming. If we were going to be in a 200 mile radius, we would stop by. We will love her always and remember her forever.
